I wish I could say your Name

I wish I could say, I wish I could say
I wish I could say your name

I wish I could say, I wish I could say
I wish I could say your name

I wish I could tell you,
Of all the love that I am feeling,
At night I stare at the ceiling,
Until the day starts anew.

I wish I could tell you,
Of all the dreams that come to haunt me,
My lovers schemes that still taunt me,
As morning comes into view.

I wish I could say, I wish I could say
I wish I could say your name

I wish I could say, I wish I could say
I wish I could say your name

I wish I could tell you,
Of all my thoughts endlessly whirling,
Repeating patterns and swirling,
The cold sun high in the blue.

I wish I could tell you,
Of all my hopes fading afar,
In that first bright evening star,
Returning where they first grew...

I wish I could say, I wish I could say
I wish I could say your name

I wish I could say, I wish I could say
I wish I could say your name
